A Korean History For International Readers

Michael J. Seth

A Korean History for International Readers Chŏn'guk Yŏksa Kyosa Moim (Korea), Association of Korean History Teachers, 2010

This book is a historical text that covers Korean history from its foundation to the modern era. It especially deals with pre-modern societies of Korea in detail. Despite its long history, life in its society and its culture are rarely spoken of outside the peninsula. Rather than arranging the historical events chronologically, this book focuses more on the details of the historical events by questioning how the diverse experiences that Koreans had affected their life and culture and what influences that culture had on constructing Korean history. This is the reason why we publish this book, although there are already numerous books that introduced Korean history. Readers could realize what Koreans have endured and how it lead to their position in the world today. It also mentions their moral values and what they believe is right or wrong.

A Korean History for International Readers, 2010

A History of Korea Michael J. Seth, 2010-10-16

In this comprehensive yet compact book, Michael J. Seth surveys Korean history from Neolithic times to the present. He explores the origins and development of Korean society, politics, and still little-known cultural heritage, showing how this ancient, culturally and ethnically homogeneous society was wrenched into the modern world, ultimately to be arbitrarily divided into two opposed halves after World War II. Tracing the six decades since, Seth explains how the two Koreas, with their deeply different political and social systems and geopolitical orientations, evolved into sharply contrasting societies. Throughout, he adds a rich dimension by placing Korean history into broader global perspective and by including primary readings from each era. All readers looking for a balanced, knowledgeable history will be richly rewarded with this clear and concise book.

A New History of Korea Ki-baik Lee, 1988-03-15

The first English-language history of Korea to appear in more than a decade, this translation offers Western readers a distillation of the latest and best scholarship on Korean history and culture from the earliest times to the student revolution of 1960. The most widely read and respected general history, A New History of Korea (Han’guksa sillon) was first published in 1961 and has undergone two major revisions and updatings. Translated twice into Japanese and currently being translated into Chinese as well, Ki-baik Lee’s work presents a new periodization of his country’s history, based on a fresh analysis of the changing composition of the leadership elite. The book is noteworthy, too, for its full and integrated discussion of major currents in Korea’s cultural history. The translation, three years in
preparation, has been done by specialists in the field.

A History of Korea Jinwung Kim, 2012-11-05 Contemporary North and South Korea are nations of radical contrasts: one a bellicose totalitarian state with a failing economy; the other a peaceful democracy with a strong economy. Yet their people share a common history that extends back more than 3,000 years. In this comprehensive new history of Korea from the prehistoric era to the present day, Jinwung Kim recounts the rich and fascinating story of the political, social, cultural, economic, and diplomatic developments in Korea’s long march to the present. He provides a detailed account of the origins of the Korean people and language and the founding of the first walled-town states, along with the advanced civilization that existed in the ancient land of Unified Silla. Clarifying the often complex history of the Three Kingdoms Period, Kim chronicles the five-century long history of the Choson dynasty, which left a deep impression on Korean culture. From the beginning, China has loomed large in the history of Korea, from the earliest times when the tribes that would eventually make up the Korean nation roamed the vast plains of Manchuria and against whom Korea would soon define itself. Japan, too, has played an important role in Korean history, particularly in the 20th century; Kim tells this story as well, including the conflicts that led to the current divided state. The first detailed overview of Korean history in nearly a quarter century, this volume will enlighten a new generation of students eager to understand this contested region of Asia.

The Korean War Wada Haruki, 2018-03-29 This classic history of the Korean War—from its origins through the armistice—is now available in a paperback edition including a substantive introduction that considers the heightened danger of a new Northeast Asian war as Trump and Kim Jong-un escalate their rhetoric. Wada Haruki, one of the world’s leading scholars of the war, draws on archival and other primary sources in Russia, China, the United States, South Korea, Taiwan, and Japan to provide the first full understanding of the Korean War as an international conflict from the perspective of all the actors involved. Wada traces the North Korean invasion of South Korea in riveting detail, providing new insights into the behavior of Kim Il Sung and Syngman Rhee. He also provides new insights into the behavior of Communist leaders in Korea, China, Russia, Eastern Europe, and their rivals in other nations. He traces the course of the war from its origins in the North and South Korean leaders’ failed attempts to unify their country by force, ultimately escalating into a Sino-American war on the Korean Peninsula. Although sixty-five years have passed since the armistice, the Korean conflict has never really ended. Tensions remain high on the peninsula as Washington and Pyongyang, as well as Seoul and Pyongyang, continue to face off. It is even more timely now to address the origins of the Korean War, the nature of the confrontation, and the ways in which it affects the geopolitical landscape of Northeast Asia and the Pacific region. With his unmatched ability to draw on sources from every country involved, Wada paints a rich and full portrait of a conflict that continues to generate controversy.

Reconstructing Ancient Korean History Stella Xu, 2016-05-12 This book examines the contested re-readings of “Korea” in early Chinese historical records and their influence on the formation of Korean-ness in later periods. The earliest written
records on “Koreans” are found in Chinese documents produced during the Han dynasty, from the third century BCE to the third century CE. Since then, these early Chinese records have been used as primary sources for writing early Korean history in Korea, China, and Japan. This study analyzes the various reinterpretations and utilizations of these early records that became more diverse by the late nineteenth century, when the reconstruction of ancient history became a crucial part of the formation of Korean national consciousness. Korea’s modern historiography was complicated by a thirty-five year colonial experience (1910–1945) under Japan. During this period, Japanese colonial scholars attempted to depict Korean history as stagnant, heteronymous, and replete with factional strife, while Korean nationalist historians strove to construct an indigenous Korean nation in order to mobilize Koreans’ national consciousness and recover political sovereignty. While focused on Korea and Northeast Asia, the links between historiography and political ideology investigated in this study are pertinent to historians in general.

**My First Book of Korean Words** Kyubyong Park, Henry J. Amen, 2012-09-10 My First Book of Korean Words is a beautifully illustrated book that introduces young children to Korean language and culture through everyday words. The words profiled in this book are all commonly used in the Korean language and are both informative and fun for English-speaking children to learn. The goals of My First Book of Korean Words are multiple: to familiarize children with the sounds and structure of Korean speech, to introduce core elements of Korean culture, to illustrate the ways in which languages differ in their treatment of everyday sounds and to show how, through cultural importation, a single word can be shared between languages. Both teachers and parents will welcome the book's cultural and linguistic notes, and appreciate how the book is organized in a familiar ABC structure. Each word is presented in Hangeul, as well as in its Romanized form. With the help of this book, we hope more children (and adults) will soon be a part of the nearly 80 million people worldwide that speak Korean!

*Korea* Eugene Y. Park, 2022-02-15 This book is a comprehensive account of Korean history from early times to December 2020.

**A History of Korea** Kyung Moon Hwang, 2021-11-30 Dynamic and meticulously researched, A History of Korea continues to be one of the leading introductory textbooks on Korean history. Assuming no prior knowledge, Hwang guides readers from early state formation and the dynastic eras to the modern experience in both North and South Korea. Structured around episodic accounts, each chapter begins by discussing a defining moment in Korean history in context, with an extensive examination of how the events and themes under consideration have been viewed up to the present day. By engaging with recurring themes such as collective identity, external influence, social hierarchy, family and gender, the author introduces the major historical events, patterns and debates that have shaped both North and South Korea over the past 1500 years. This textbook is essential reading for undergraduate and postgraduate students of Korean or Asian history. The first half of
the book covers pre-20th century history, and the second half the modern era, making it ideal for survey courses.

**Introduction to Korean History and Culture** Andrew C. Nahm, 1993

**A Concise History of Modern Korea** Michael J. Seth, 2010

This comprehensive and balanced history of modern Korea explores the social, economic, and political issues it has faced since being catapulted into the wider world at the end of the nineteenth century. Placing this formerly insular society in a global context, Michael J. Seth describes how this ancient, culturally and ethnically homogeneous society first fell victim to Japanese imperialist expansionism, and then was arbitrarily divided in half after World War II. Seth traces the postwar paths of the two Koreas with different political and social systems and different geopolitical orientations as they evolved into sharply contrasting societies. South Korea, after an unpromising start, became one of the few postcolonial developing states to enter the ranks of the first world, with a globally competitive economy, a democratic political system, and a cosmopolitan and dynamic culture. By contrast, North Korea became one of the world's most totalitarian and isolated societies, a nuclear power with an impoverished and famine-stricken population. Considering the radically different and historically unprecedented trajectories of the two Koreas, Seth assesses the insights they offer for understanding not only modern Korea but the broader perspective of world history.

**The Journal of Korean Studies, Volume 17, Number 1 (Spring 2012)** Clark W. Sorensen, Donald Baker, 2012-06-21

The University of Washington-Korea Studies Program, in collaboration with Rowman & Littlefield Publishers, is proud to publish the Journal of Korean Studies. In 1979 Dr. James Palais (PhD Harvard 1968), former UW professor of Korean History edited and published the first volume of the Journal of Korean Studies. For thirteen years it was a leading academic forum for innovative, in-depth research on Korea. In 2004 former editors Gi-Wook Shin and John Duncan revived this outstanding publication at Stanford University. In August 2008 editorial responsibility transferred back to the University of Washington. With the editorial guidance of Clark Sorensen and Donald Baker, the Journal of Korean Studies (JKS) continues to be dedicated to publishing outstanding articles, from all disciplines, on a broad range of historical and contemporary topics concerning Korea. In addition the JKS publishes reviews of the latest Korea-related books. To subscribe to the Journal of Korean Studies or order print back issues, please click here.

**Introduction to Korean History and Culture** Andrew C. Nahm, 1993

The purpose of this book is to present the history and culture of Korea to meet the needs of the general reader. While providing essential historical and cultural background of the Korean people, emphasis is given to the process of transformation of the ancient Korean society into an aristocratic/feudalistic state first, and then into a modern nation. Unlike other Korean history books, this includes various aspects of radical changes that took place under the Communist rule after 1945 in the northern half of Korea. As for the southern half, the aspects of struggle for democracy, economic and cultural development, and social modernization have been given particular attention. --
A Concise History of Korea  Michael J. Seth, 2019-11-15 Now in a fully revised and updated edition, this comprehensive text surveys Korean history from Neolithic times to the present. All readers looking for a balanced, knowledgeable history will be richly rewarded with this clear and concise book.

The Hidden History of the Korean War, 1950–1951  I. F. Stone, 2014-09-16 “A great journalist” raises troubling questions about the forgotten war in this courageous, controversial book—with a new introduction by Bruce Cumings (The Baltimore Sun). “Much about the Korean War is still hidden, and much will long remain hidden. I believe I have succeeded in throwing new light on its origins.” —From the author’s preface In 1945 US troops arrived in Korea for what would become America’s longest-lasting conflict. While history books claim without equivocation that the war lasted from 1950 to 1953, those who have actually served there know better. By closely analyzing US intelligence before June 25, 1950 (the war’s official start), and the actions of key players like John Foster Dulles, General Douglas MacArthur, and Chiang Kai-shek, the great investigative reporter I. F. Stone demolishes the official story of America’s “forgotten war” by shedding new light on the tangled sequence of events that led to it. The Hidden History of the Korean War was first published in 1952—during the Korean War—and then republished during the Vietnam War. In the 1990s, documents from the former Soviet archives became available, further illuminating this controversial period in history.

A History of Korean Literature  Peter H. Lee, 2003-12-18 This is a comprehensive narrative history of Korean literature. It provides a wealth of information for scholars, students and lovers of literature. Combining both history and criticism the study reflects the latest scholarship and offers a systematic account of the development of all genres. Consisting of twenty-five chapters, it covers twentieth-century poetry, fiction by women and the literature of North Korea. This is a major contribution to the field and a study that will stand for many years as the primary resource for studying Korean literature.

Korea  Eugene Y. Park, 2022-02-15 While popular trends, cuisine, and long-standing political tension have made Korea familiar in some ways to a vast English-speaking world, its recorded history of some two millennia remains unfamiliar to most. Korea: A History addresses general readers, providing an up-to-date, accessible overview of Korean history from antiquity to the present. Eugene Y. Park draws on original-language sources and the up-to-date synthesis of East Asian and Western-language scholarship to provide an insightful account. This book expands still-limited English-language discussions on pre-modern Korea, offering rigorous and compelling analyses of Korea's modernization while discussing daily life, ethnic minorities, LGBTQ history, and North Korean history not always included in Korea surveys. Overall, Park is able to break new ground on questions and debates that have been central to the field of Korean studies since its inception.

The True History of Korea (1)  Chin-Woo Kim, 2018-09-02 Most Korean history books written by mainstream Korean
historians - including A New History of Korea published by Harvard University Press - have led the readers to face or accept an erroneous or wrong interpretation of Korean history. For instance, mainstream Korean historians maintain that Silla unified the Three Kingdoms - Silla, Goguryeo, and Baekje - by enlisting military help from Tang China. However, historical evidence suggests that Silla's unification of Korea was an eventual outcome of the Chinese foreign policy in the Korean peninsula. It also suggests that Silla unified the Three Hans - Mahan, Jinhan, and Byeonhan - not Three Kingdoms. According to Samguk sagi or the History of Three Kingdoms, in 676 when the seven-year war with Tang ended, Silla was allowed to occupy the land south of the Imjin-Deokwon line - which is roughly equivalent to the 38th parallel. And the Imjin-Deokwon line formed the northern boundary of the Unified Silla until 735 when Emperor Xuanzong of Tang granted Silla the land south of the Pae River (Daedong River). In other words, after the unification, the Unified Silla was able to occupy the southern half of the Korean peninsula, which was almost the same land that the three Hans had occupied. Accordingly, the historical event of Silla's unification is referred to as the Unification of Three Hans in the History of Three Kingdoms. Furthermore, every subsequent Korean kingdom or dynasty is also referred to as the Nation of Three Hans in several other historical records. In fact, the 26th King Gojong of Joseon called his own country the Land of Three Hans. In 1897, he even changed the name of his country from Joseon to Daehan - which means the Great Hans -, underlining the historical fact that the country continued to expand its territory and thrive ever since Goryeo reunited the Three Hans. South Koreans still use Daehan-minguk - which means the Republic of the Great Hans - as the official name of their country. Just like the event of Silla's Unification, many other historical events and incidents are still misrepresented or misinterpreted by mainstream Korean historians. Intentionally or not, they have obscured, distorted, ignored, or even hid unpalatable or unpleasant historical facts under the pretext of promoting national integration and reconciliation as one single ethnic Korean nation or on the patriotic slogan of salvaging national pride as the so-called Great Koreans. History has never been written perfectly in terms of objectivity or impartiality. Even so, historical events and incidents should not be interpreted arbitrarily. If any historian interpreted them subjectively in his book to serve his academic or political purpose by obscuring, distorting, or hiding unpalatable historical truths, his book would be a storybook, not a history book. To help readers fully understand the true history of Korea, we have put reasonably objective interpretations on major historical events and incidents totally based on historical facts and evidence. We have also interpreted them from the perspective of conflict and division among the Korean ruling elite, which mainstream Korean historians have never brought to their works or books. In this respect, this is the first book on the true Korean history, specifically on the true Korean political history, ever published.

Unveiling the Power of Verbal Beauty: An Mental Sojourn through A Korean History For International Readers(1)
In a global inundated with monitors and the cacophony of immediate communication, the profound energy and mental resonance of verbal art often fade in to obscurity, eclipsed by the regular barrage of noise and distractions. A Korean History For International Readers(1)

Introduction

In today's digital age, the availability of A Korean History For International Readers(1) books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the
advantages of A Korean History For International Readers(1) books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of A Korean History For International Readers(1) books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing A Korean History For International Readers(1) versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, A Korean History For International Readers(1) books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing A Korean History For International Readers(1) books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for A Korean History For International Readers(1) books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, A Korean History For International Readers(1) books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms
like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of A Korean History For International Readers(1) books and manuals for download and embark on your journey of knowledge?

FAQs About A Korean History For International Readers(1) Books

1. Where can I buy A Korean History For International Readers(1) books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.

3. How do I choose a A Korean History For International Readers(1) book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.

8. How do I support authors or the book industry? Buy
Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
