

Geoffrey Of Monmouth History Of The Kings Of Britain(2)

Geoffrey (of Monmouth, Bishop of St. Asaph)

Old English Chronicles John Allen Giles,1901

De Gestis Britonum Geoffrey (of Monmouth, Bishop of St. Asaph),2007 Written in the 1130s, Geoffrey's imaginative history of the Britons from Brutus to Cadwallader, and the first to recount the woes of Lear and the glittering career of Arthur, rapidly became a bestseller. An ideal text for scholars, this is a reprint of the Latin text with a facing English translation.

Histories of the Kings of Britain Geoffrey (of Monmouth, Bishop of St. Asaph),1920

The History of the Kings of Britain Geoffrey of Monmouth,2011-01-01 Little is definitively known of the life and schooling of Geoffrey of Monmouth, but his extraordinary literary works have survived centuries as a testament to his legacy. Around the time of Geoffrey's life, the written Arthurian legends were mostly fragmentary and often incoherent. He therefore took on the task of creating the first full biographies of King Arthur and Merlin, which from that point on remained the quintessential source for all Arthurian legend tales. His finest work, *The History of the Kings of Britain*, traces the reign of nearly a hundred British kings, beginning with the nation's mythical founder, Brutus. It is an imaginative and meticulously written masterpiece. Modeled after the *AEnied*, one half of the work is devoted towards the first ten centuries of British history. The second half, comprising about two centuries, focuses primarily around King Arthur, the rise and fall of the Round Table, and the declining fortunes of Arthur's heirs.

History of the Kings of Britain Geoffrey (of Monmouth, Bishop of St. Asaph),1958 Geoffrey of Monmouth is called the father of Arthurian romance. In this legendary history of Britain the chapters of central importance recount the fabulous exploits of King Arthur and his knights.--Back cover.

Warwick Charles Oman,1891

The History of the Kings of Britain Geoffrey of Monmouth, *The History of the Kings of Britain* was originally published under the Latin title, *Historia Regum Britanniae*, by Anglo-Saxon monk, Geoffrey of Monmouth. The chronicle is

famous as the original source of the legend of Sir Arthur and the Knights of the Round Table, as well as the Prophecies of Merlin. The chronicle is also the original source of "King Leir," from which Shakespeare adapted his famous play by the same name. The chronicle recounts the origins of Britain from the time of Brutus and the Roman conquest of the British Isles. It is a semi-fantastical account of the origin of the British Kings and contains a storehouse of British history, fantasy and legend. An indispensable piece to any student, or admirer, of the history of the British Isles.

The British History of Geoffrey of Monmouth Geoffrey (of Monmouth, Bishop of St. Asaph),1842

Histories of the Kings of Britain Geoffrey of Monmouth,2018-06-24 Histories of the Kings of Britain By Geoffry of Monmouth Completed in 1136, this classic chronicle traces the story of the realm from its supposed foundation by Brutus to the coming of the Saxons some two thousand years later. Vividly portraying legendary and semi-legendary figures such as Lear, Cymbeline, Merlin the magician, and the most famous of all British heroes, King Arthur, it is as much myth as it is history, and its veracity was questioned by other medieval writers. But Geoffrey of Monmouth's powerful evocation of illustrious men and deeds captured the imagination of subsequent generations, and his influence can be traced through the works of Malory, Shakespeare, Dryden, and Tennyson. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Geoffrey of Monmouth: The History of the Kings of Britain : an Edition and Translation of De Gestis Britonum (Historia Regum Britanniae) (Arthurian Studies, 69) Geoffrey,

Historia Regum Britanniae Geoffrey Of Monmouth,2019-07-05 The full, ancient text: Historia Regum Britanniae.Historia regum Britanniae (or The History of the Kings of Britain) is a supposedly historical account written by Geoffrey of Monmouth in 1136. Though much of the text is largely considered fiction, it does pull from several ancient texts and true historical events/personas.It is notable for being the first, major blockbuster-like success of the Arthurian legends, bringing the character to widespread popularity for the first time. Many of our modern myths (and ancient ones) have drawn from this text.

Kings and Queens of Early Britain Geoffrey Ashe,2014-10-01 Geoffrey Ashe skillfully weaves all the different accounts, legends, literature, historical documents into one continuous narrative that recreates in intriguing detail all the

rulers and events, real or mythical, that are part of the rich tapestry of early history in Britain.

Histories of the Kings of Britain Galfridus (Monumetensis, Bishop of St. Asaph.), Geoffrey of Monmouth, 1912

The History of Merlin and King Arthur Geoffrey of Monmouth, 2014-07-15 Geoffrey of Monmouth wrote his *Historia Regum Britanniae* (History of the Kings of Britain) in about 1136 AD. His book includes the first account of the Arthurian legend that survives, apart from very brief mentions of Arthur in earlier chronicles. This edition makes Geoffrey's history of Arthur accessible to a general audience for the first time. It includes only the parts of Geoffrey's *Historia* that are about Merlin or Arthur, omitting its lengthy histories of other kings, which do not interest today's readers. It breaks up Geoffrey's text into shorter chapters, and it adds subheadings that make the narrative easier to follow. Geoffrey lets us see King Arthur's place in history much more clearly than later versions of the legends, telling us that Arthur fought the Saxons after the Romans left Britain. He also includes stories of Merlin's early life that are left out of later accounts. This edition uses Aaron Thompson's 1718 translation of the *Historia*, as revised and corrected by J. A. Giles in 1842. This edition also includes drawings by the famous illustrator, Howard Pyle, making it a beautiful book as well as a book that will fascinate anyone who is interested in the stories of King Arthur and wants to learn more about them.

The Arthur of Medieval Latin Literature Siân Echard, 2011-03-15 King Arthur is arguably the most recognizable literary hero of the European Middle Ages. His stories survive in many genres and many languages, but while scholars and enthusiasts alike know something of his roots in Geoffrey of Monmouth's Latin *History of the Kings of Britain*, most are unaware that there was a Latin Arthurian tradition which extended beyond Geoffrey. This collection of essays will highlight different aspects of that tradition, allowing readers to see the well-known and the obscure as part of a larger, often coherent whole. These Latin-literate scholars were as interested as their vernacular counterparts in the origins and stories of Britain's greatest heroes, and they made their own significant contributions to his myth.

Early Fiction in England Laura Ashe, 2015-09-24 A brilliant new anthology that shows how fiction was reinvented in the twelfth century after an absence of hundreds of years. Essential for all students of medieval literature, *Early Fiction in England* includes extracts by Geoffrey of Monmouth, Wace, Marie de France, Chaucer and many others, in new translations and with illuminating introductions. Before the twelfth century, fiction had completely disappeared in Europe. In this important and provocative book, Laura Ashe shows how English writers brought it back, composing new tales about King Arthur, his knights and other heroes and heroines in Latin, French and English. Why did fiction disappear, and why did it come to life again to establish itself the dominant form of literature ever since? And what do we even mean by the term 'fiction'? Gathering extracts from the most important texts of the period by Wace, Marie de France, Chaucer and others, this volume offers an absorbing and surprising introduction to the earliest fiction in England. The anthology includes a general introduction by Laura Ashe, introductions to each extract, explanatory notes and other useful editorial materials. All French

and Latin texts have been newly translated, while Middle English texts include helpful glosses. Laura Ashe is a University Lecturer in English and Fellow of Worcester College, Oxford. Her first book *Fiction and History in England, 1066-1200* (Cambridge University Press, 2007) has been followed by numerous articles and edited collections; she is now writing the new *Oxford English Literary History* vol. 1: 1000-1350 (Oxford University Press).

Our Island Story H. E. Marshall, 2013-02-20 *Our Island Story* is the history of England up to Queen Victoria's Death. Marshall used these stories to tell her children about their homeland, Great Britain. To add to the excitement, she mixed in a bit of myth as well as a few legends.

Geoffrey of Monmouth Karen Jankulak, 2010-07-30 Geoffrey of Monmouth, a twelfth-century cleric, was the first person to compose a detailed and continuous history of Britain from its origins to the domination of the Anglo-Saxons. His writings were enormously popular throughout the western European world, and he is justly credited with bringing 'The Matter of Britain' (including, most notably, the figure of Arthur) to a much wider audience. The vast popularity of this material has persisted to the present day, mainly but not solely in the interest shown in 'King Arthur'. This book illustrates the close ties between Geoffrey's notion of British and Arthurian society and other materials from medieval Wales and Ireland.

Prehistoric Men Robert J. Braidwood, 2016-09-26 Like the writing of most professional archeologists, mine has been confined to so-called learned papers. Good, bad, or indifferent, these papers were in a jargon that only my colleagues and a few advanced students could understand. Hence, when I was asked to do this little book, I soon found it extremely difficult to say what I meant in simple fashion. The style is new to me, but I hope the reader will not find it forced or pedantic; at least I have done my very best to tell the story simply and clearly. Many friends have aided in the preparation of the book. The whimsical charm of Miss Susan Richert's illustrations add enormously to the spirit I wanted. She gave freely of her own time on the drawings and in planning the book with me. My colleagues at the University of Chicago, especially Professor Wilton M. Krogman (now of the University of Pennsylvania), and also Mrs. Linda Braidwood, Associate of the Oriental Institute, and Professors Fay-Cooper Cole and Sol Tax, of the Department of Anthropology, gave me counsel in matters bearing on their special fields, and the Department of Anthropology bore some of the expense of the illustrations. From Mrs. Irma Hunter and Mr. Arnold Maremont, who are not archeologists at all and have only an intelligent layman's notion of archeology, I had sound advice on how best to tell the story. I am deeply indebted to all these friends. While I was preparing the second edition, I had the great fortune to be able to rework the third chapter with Professor Sherwood L. Washburn, now of the Department of Anthropology of the University of California, and the fourth, fifth, and sixth chapters with Professor Hallam L. Movius, Jr., of the Peabody Museum, Harvard University. The book has gained greatly in accuracy thereby. In matters of dating, Professor Movius and the indications of Professor W. F. Libby's Carbon 14 chronology project have both encouraged me to choose the lowest dates now current for the events of the Pleistocene Ice Age.
