

History Of The Bible In English

Annelies Wilder-Smith

History of the Bible in English Frederick Fyvie Bruce, 2002 The Bible in the English language is among the great achievements of all time, not only as a masterpiece of inspired writing but as a witness to the place of the Scriptures in the life of the English-speaking peoples, and Bruce's work, recognised for 30 years as the best on its subject, documents its history and shows the impact of some of the translations on the use and development of the English language. Formerly The English Bible, this comprehensive study of the various English translations of the Bible is again available in paperback. The author traces the story from the earliest partial translations in Saxon times, through Wycliffe, Tyndale and The King James Version, to the publication of such contemporary versions as The New English Bible, The New American Standard Version, The Living Bible, and The Good News Bible. Authoritative and highly readable, this remains one of the standard works on its subject.

A Visual History of the English Bible Donald L. Brake, 2008-09-15 Presents the history of the translation of the Bible into English, from the fourteenth century to the twentieth century.

The Bible in English David Daniell, 2003-01-01 P. 275-357 : les éditions genevoises au 16e siècle de la Bible en anglais.

The History of the English Bible William Fiddian Moulton, 1882

The Forbidden Book A. Christian Pilgrim, 1992

A History of the Bible John Barton, 2020-08-04 A literary history of our most influential book of all time, by an Oxford scholar and Anglican priest In our culture, the Bible is monolithic: It is a collection of books that has been unchanged and unchallenged since the earliest days of the Christian church. The idea of the Bible as Holy Scripture, a non-negotiable authority straight from God, has prevailed in Western society for some time. And while it provides a firm foundation for centuries of Christian teaching, it denies the depth, variety, and richness of this fascinating text. In A History of the Bible, John Barton argues that the Bible is not a prescription to a complete, fixed religious system, but rather a product of a long and intriguing process, which has inspired Judaism and Christianity, but still does not describe the whole of either religion. Barton shows how the Bible is indeed an important source of religious insight for Jews and Christians alike, yet argues that it must be read in its historical context--from its beginnings in myth and folklore to its many interpretations throughout the centuries. It is a book full of narratives, laws, proverbs, prophecies, poems, and letters, each with their own character and

origin stories. Barton explains how and by whom these disparate pieces were written, how they were canonized (and which ones weren't), and how they were assembled, disseminated, and interpreted around the world--and, importantly, to what effect. Ultimately, *A History of the Bible* argues that a thorough understanding of the history and context of its writing encourages religious communities to move away from the Bible's literal wording--which is impossible to determine--and focus instead on the broader meanings of scripture.

A History of the English Bible as Literature David Norton, 2000-05-29 Revised and condensed from David Norton's acclaimed *A History of the Bible as Literature*, this book, first published in 2000, tells the story of English literary attitudes to the Bible. At first jeered at and mocked as English writing, then denigrated as having 'all the disadvantages of an old prose translation', the King James Bible somehow became 'unsurpassed in the entire range of literature'. How so startling a change happened and how it affected the making of modern translations such as the Revised Version and the New English Bible is at the heart of this exploration of a vast range of religious, literary and cultural ideas. Translators, writers such as Donne, Milton, Bunyan and the Romantics, reactionary Bishops and radical students all help to show the changes in religious ideas and in standards of language and literature that created our sense of the most important book in English.

A Brief History of English Bible Translations Laurence M. Vance, 1993

National Geographic Essential Visual History of the Bible, 2008 An illustrated history of the Bible provides detailed coverage of the Old and New Testaments, from the patriarchs to the epistles of Paul, and includes timelines and informational sidebars.

History of the Bible in English F.F. Bruce, 1986-08-01

The History of the English Bible: Extending from Earliest Saxon Translations to the Present Anglo-American Revision Blackford Condit, 1882

Faith, Text and History David Lawton, 1990

Revelation, 1999-01-01 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the Beast will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

A Textual History of the King James Bible David Norton, 2005-01-10 David Norton re-edited the King James Bible for Cambridge, and this 2005 book arose from his intensive work on that project. Here he shows how the text of the most important Bible in the English language was made, and how, for better and for worse, it changed in the hands of printers and editors until, in 1769, it became the text we know today. Using evidence as diverse as the manuscript work of the original translators, and the results of extensive computer collation of electronically held texts, Norton has produced a scholarly edition of the King James Bible for the new century that will restore the authority of the 1611 translation. This book describes

this fascinating background, explains Norton's editorial principles and provides substantial lists and tables of variant readings. It will be indispensable to scholars of the English Bible, literature, and publishing history.

The Murderous History of Bible Translations Harry Freedman, 2016-05-05 Harry Freedman recounts the fascinating and bloody history of the Bible. In 1535, William Tyndale, the first man to produce an English version of the Bible in print, was captured and imprisoned in Belgium. A year later he was strangled and then burned at the stake. His co-translator was also burned. In that same year the translator of the first Dutch Bible was arrested and beheaded. These were not the first, nor were they the last instances of extreme violence against Bible translators. *The Murderous History of Bible Translations* tells the remarkable, and bloody, story of those who dared translate the word of God. The Bible has been translated far more than any other book. To our minds it is self-evident that believers can read their sacred literature in a language they understand. But the history of Bible translations is far more contentious than reason would suggest. Bible translations underlie an astonishing number of religious conflicts that have plagued the world. Harry Freedman, author of *The Talmud: A Biography* describes brilliantly the passions and strong emotions that arise when deeply held religious convictions are threatened or undermined. He tells of the struggle for authority and orthodoxy in a world where temporal power was always subjugated to the divine. A world in which the idea of a Bible for all was so important that many were willing to give up their time, their security and often their lives.

Visual History of the King James Bible, A Donald L. Brake, Shelly Beach, 2011-02-01 For 400 years the King James Version of the Holy Bible has been the most influential book to be published in the English language. Now Bible collector and expert Donald L. Brake brings to life the fascinating story of its creation and proliferation throughout the English-speaking world. With beautiful and informative photos, illustrations, charts, and sidebars, Brake invites readers to explore the KJV's mysterious beginnings, the men who translated it, the manuscripts upon which that translation was based, the important people and places that influenced its production, and even Shakespeare's involvement in it. In an age where a new translation of the Bible seems to come about every few years, discover what has made the King James Version endure for four centuries.

A General View of the History of the English Bible Brooke Foss Westcott, 2023-03-21 Reprint of the original, first published in 1872. The publishing house Anapiposi publishes historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost.
