*The Master Adaptive Learner* William Cutrer, Martin Pusic, Larry D Gruppen, Maya M. Hammoud, Sally A.

Santen, 2019-09-29 Tomorrow's best physicians will be those who continually learn, adjust, and innovate as new information and best practices evolve, reflecting adaptive expertise in response to practice challenges. As the first volume in the American Medical Association's MedEd Innovation Series, *The Master Adaptive Learner* is an instructor-focused guide covering models for how to train and teach future clinicians who need to develop these adaptive skills and utilize them throughout their careers. Explains and clarifies the concept of a Master Adaptive Learner: a metacognitive approach to learning based on self-regulation that fosters the success and use of adaptive expertise in practice. Contains both theoretical and practical material for instructors and administrators, including guidance on how to implement a Master Adaptive Learner approach in today's institutions. Gives instructors the tools needed to empower students to become efficient and successful adaptive learners. Helps medical faculty and instructors address gaps in physician training and prepare new doctors to practice effectively in 21st century healthcare systems. One of the American Medical Association Change MedEd initiatives and innovations, written and edited by members of the ACE (Accelerating Change in Medical Education) Consortium - a unique, innovative collaborative that allows for the sharing and dissemination of groundbreaking ideas and projects.

**The Half Has Never Been Told** Edward E Baptist, 2016-10-25 Winner of the 2015 Avery O. Craven Prize from the

Organization of American Historians Winner of the 2015 Sidney Hillman Prize A groundbreaking history demonstrating that America's economic supremacy was built on the backs of slaves Americans tend to cast slavery as a pre-modern institution -- the nation's original sin, perhaps, but isolated in time and divorced from America's later success. But to do so robs the millions who suffered in bondage of their full legacy. As historian Edward E. Baptist reveals in *The Half Has Never Been Told*, the expansion of slavery in the first eight decades after American independence drove the evolution and modernization of the United States. In the span of a single lifetime, the South grew from a narrow coastal strip of worn-out tobacco plantations to a continental cotton empire, and the United States grew into a modern, industrial, and capitalist economy. Told through intimate slave narratives, plantation records, newspapers, and the words of politicians, entrepreneurs, and escaped slaves, *The Half Has Never Been Told* offers a radical new interpretation of American history.

**The Black Church** Henry Louis Gates, Jr.,2021-02-16 The instant New York Times bestseller and companion book to the PBS series. "Absolutely brilliant . . . A necessary and moving work." —Eddie S. Glaude, Jr., author of *Begin Again* "Engaging. . . . In Gates's telling, the Black church shines bright even as the nation itself moves uncertainly through the gloaming, seeking justice on earth—as it is in heaven." —Jon Meacham, *New York Times Book Review* From the *New York Times* bestselling author of *Stony the Road* and *The Black Box*, and one of our most important voices on the African American experience, comes a powerful new history of the Black church as a foundation of Black life and a driving force in the larger freedom struggle in America. For the young Henry Louis Gates, Jr., growing up in a small, residentially segregated West

Virginia town, the church was a center of gravity—an intimate place where voices rose up in song and neighbors gathered to celebrate life's blessings and offer comfort amid its trials and tribulations. In this tender and expansive reckoning with the meaning of the Black Church in America, Gates takes us on a journey spanning more than five centuries, from the intersection of Christianity and the transatlantic slave trade to today's political landscape. At road's end, and after Gates's distinctive meditation on the churches of his childhood, we emerge with a new understanding of the importance of African American religion to the larger national narrative—as a center of resistance to slavery and white supremacy, as a magnet for political mobilization, as an incubator of musical and oratorical talent that would transform the culture, and as a crucible for working through the Black community's most critical personal and social issues. In a country that has historically afforded its citizens from the African diaspora tragically few safe spaces, the Black Church has always been more than a sanctuary. This fact was never lost on white supremacists: from the earliest days of slavery, when enslaved people were allowed to worship at all, their meetinghouses were subject to surveillance and destruction. Long after slavery's formal eradication, church burnings and bombings by anti-Black racists continued, a hallmark of the violent effort to suppress the African American struggle for equality. The past often isn't even past—Dylann Roof committed his slaughter in the Mother Emanuel AME Church 193 years after it was first burned down by white citizens of Charleston, South Carolina, following a thwarted slave rebellion. But as Gates brilliantly shows, the Black church has never been only one thing. Its story lies at the heart of the Black political struggle, and it has produced many of the Black community's most notable leaders. At the same time, some churches and denominations have eschewed political engagement and exemplified practices of exclusion and intolerance that have caused polarization and pain. Those tensions remain today, as a rising generation demands freedom and dignity for all within and beyond their communities, regardless of race, sex, or gender. Still, as a source of faith and refuge, spiritual sustenance and struggle against society's darkest forces, the Black Church has been central, as this enthralling history makes vividly clear.

**A Colonial Lexicon** Nancy Rose Hunt, 1999-11-15 *A Colonial Lexicon* is the first historical investigation of how childbirth became medicalized in Africa. Rejecting the “colonial encounter” paradigm pervasive in current studies, Nancy Rose Hunt elegantly weaves together stories about autopsies and bicycles, obstetric surgery and male initiation, to reveal how concerns about strange new objects and procedures fashioned the hybrid social world of colonialism and its aftermath in Mobutu's Zaire. Relying on archival research in England and Belgium, as well as fieldwork in the Congo, Hunt reconstructs an ethnographic history of a remote British Baptist mission struggling to survive under the successive regimes of King Leopold II's Congo Free State, the hyper-hygienic, pronatalist Belgian Congo, and Mobutu's Zaire. After exploring the roots of social reproduction in rituals of manhood, she shows how the arrival of the fast and modern ushered in novel productions of gender, seen equally in the forced labor of road construction and the medicalization of childbirth. Hunt focuses on a specifically

interwar modernity, where the speed of airplanes and bicycles correlated with a new, mobile medicine aimed at curbing epidemics and enumerating colonial subjects. Fascinating stories about imperial masculinities, Christmas rituals, evangelical humor, colonial terror, and European cannibalism demonstrate that everyday life in the mission, on plantations, and under a strongly Catholic colonial state was never quite what it seemed. In a world where everyone was living in translation, privileged access to new objects and technologies allowed a class of “colonial middle figures”—particularly teachers, nurses, and midwives—to mediate the evolving hybridity of Congolese society. Successfully blurring conventional distinctions between precolonial, colonial, and postcolonial situations, Hunt moves on to discuss the unexpected presence of colonial fragments in the vibrant world of today’s postcolonial Africa. With its close attention to semiotics as well as sociology, *A Colonial Lexicon* will interest specialists in anthropology, African history, obstetrics and gynecology, medical history, religion, and women’s and cultural studies.
