Modern Hebrew Norman Berdichevsky,2016-03-21 Ben-Yehuda's vision of a modern Hebrew eventually came to animate a large part of the Jewish world, and gave new confidence and pride to Jewish youth during the most difficult period of modern history, infusing Zionism with a dynamic cultural content. This book examines the many changes that occurred in the transition to Modern Hebrew, acquainting new students of the language with its role as a model for other national revivals, and explaining how it overcame many obstacles to become a spoken vernacular. The author deals primarily with the social and political use of the language and does not cover literature. Also discussed are the dilemmas facing the language arising from the fact that Israelis and Jews in the Diaspora don't speak the same language, while Israeli Arabs and Jews often do.

A Social History of Hebrew William M. The Hebrew Language: Its History and Characteristics Henry Craik,1867

The Story of Hebrew Lewis Glinert,2018-09-11 The Story of Hebrew explores the extraordinary hold that Hebrew has had

on Jews and Christians, who have invested it with a symbolic power far beyond that of any other language in history. Preserved by the Jews across two millennia, Hebrew endured long after it ceased to be a mother tongue, resulting in one of the most intense textual cultures ever known. Hebrew was a bridge to Greek and Arab science, and it unlocked the biblical sources for Jerome and the Reformation. Kabbalists and humanists sought philosophical truth in it, and Colonial Americans used it to shape their own Israelite political identity. Today, it is the first language of millions of Israelis. A major work of scholarship, *The Story of Hebrew* is an unforgettable account of what one language has meant and continues to mean.

The Studies on the Hebrew Language / İbrani Dili Üzerine Araştırmalar Hüseyin İçen, Seniye Vural, 2014-10-21

This book is a selection of the papers presented at the International Symposium on the History of the Hebrew Language on 16-17 October 2012. The selection constitutes seven Israeli and two Turkish speakers. The subjects were chosen according to historical periods and contemporary relevance. As regards the ancient period, the contributors discuss the language of the Bible and the Mishnah, as well as that of the Dead Sea Scrolls, which provide an additional insight into what kind of Hebrew was used at the time of their writing. For the Middle Ages, the focus is on the Hebrew of the Genizah documents, mostly from Arabic speaking countries, and also on Hebrew printing in the city of Istanbul, which pioneered the first printing presses in the Ottoman Empire. With regard to the modern period, emphasis is placed on the renaissance of Hebrew, together with a comparison to the modernization of Turkish. Contributions to the symposium dealing with linguistics were devoted to the relations of Hebrew with Aramaic, on the one hand, and with Arabic on the other. A review of the current study of Hebrew in Erciyes and other Turkish universities provided a fitting conclusion to the programme. All in all, the symposium and the publication of its proceedings provided an introduction to the history of Hebrew as an ancient language revived today in the State of Israel.

Through the study of this ancient language and script the words of the Bible will come alive to the reader in a way*

never seen before. This book will examine the origins and history of the ancient Hebrew language and script and their close relationship to the culture of the ancient Hebrews. Biblical Hebrew in Its Northwest Semitic Setting Steven E. Fassberg, Steven Ellis Fassberg, Avi Hurvitz,2006 In 1961 William L. Moran published *The Hebrew Language in Its Northwest Semitic Background*, in which he presented a state-of-the-art description of the linguistic milieu out of which Biblical Hebrew developed. Moran stressed the features found in earlier Northwest Semitic languages that are similar to Hebrew and he demonstrated how the study of those languages sheds light on Biblical Hebrew. Since Moran wrote, our knowledge of both the Hebrew of the biblical period and of Northwest Semitic has increased considerably. In the lights of new epigraphic finds and the significant advances in the fields of Biblical Hebrew and Northwest Semitic in the past four decades, the Institute for Advanced Studies of the Hebrew University of Jerusalem convened an international research group during the 2001-2002 academic year on the topic *Biblical Hebrew in Its Northwest Semitic setting: Typological and Historical Perspectives*. The volume presents the fruits of the year-long collaboration and contains twenty articles based on lectures given during the year by members of the groups and invited guests. A wide array of subjects are discussed, all of which have implications for the study of Biblical Hebrew and Northwest Semitic.

Language Contact, Continuity and Change in the Genesis of Modern Hebrew Edit Doron, Malka Rappaport Hovav, Yael Reshef, Moshe Taube,2019-09-18 The emergence of Modern Hebrew as a spoken language constitutes a unique event in modern history: a language which for generations only existed in the written mode underwent a process popularly

called “revival”, acquiring native speakers and becoming a language spoken for everyday use. Despite the attention it has drawn, this particular case of language-shift, which differs from the better-documented cases of creoles and mixed languages, has not been discussed within the framework of the literature on contact-induced change. The linguistic properties of the process have not been systematically studied, and the status of the emergent language as a (dis)continuous stage of its historical sources has not been evaluated in the context of other known cases of language shift. The present collection presents detailed case studies of the syntactic evolution of Modern Hebrew, alongside general theoretical discussion, with the aim of bringing the case of Hebrew to the attention of language-contact scholars, while bringing the insights of the literature on language contact to help shed light on the case of Hebrew.
